## Coalition Ministry Favored.

LONDON, July 15.—The Standard says that, considering the relative strength of the parties, the Marquis of Salisbury is the natural head of the new government. It adds: "All Conservatives who prize the triumph which the Conservatives and Liberal Unionists won together will wish to see the Marquis of Salisbury a prominent member of the new government, and will also desire to have the Unionists fairly and fully represented; unless the Marquis of Salisbury adduces conclusive reasons against this policy, we are sure it is one the country will best understand. It will commend itself to the common sense of the electors. If Hartington's followers are willing, we are perfectly sure that there will be no insuperable difficulties in the way of such an amicable arrangement."

## A Bank President and a Scoundrel.

CHICAGO, July 15.—An Omaha special says: Dundy County Bank, of Benkelman, Neb., failed yesterday. Belzer, the president, skipped to Canada, and took with him about a hundred thousand. Business men and farmers feel the loss greatly, as many lost the last dollar they had on earth. Several homesteads had their little all in the bank, and were to prove up to-day. Many will have to abandon their claims. The greatest excitement prevails. Belzer had transferred all his available property to his wife before leaving. Many eastern banks and firms lost heavily.

## The Rate War at an End.

CHICAGO, July 14.—Representatives of all western, northern and southwestern roads held another session here today and as a result two committees were appointed to arrange tariffs by reiteration of rates to the northwest and to all western points. It was tacitly agreed that the rates be maintained until September 15. The new tariff will probably be issued this afternoon. It is believed that the long-continued war in rates is now at an end.

## Gold Made the Basis.

LEMA, Peru (via Galveston) July 15.—In consequence of the depreciation and fluctuations of silver currency in circulation in this Republic, it has been proposed to use the American gold dollar as the basis of monetary transactions, either fiscal or private, using the silver dollar at the value of 80 cents gold for all fractions under a quarter of an eagle. It is thought that the government will ask Congress to give the matter its consideration.

## In Memory of King Ludwig.

MUNICH, July 15.—The Queen dowager, Marie, has ordered the construction, at her own expense, of a memorial chapel on the bank of Lake Starnberg, at the place where the bodies of her son, King Ludwig and Dr. Von Gudden were found.

## Chicago Has Found Her Anarchist Jury.

CHICAGO, July 15.—The twelfth juror in the Anarchist trial was obtained this afternoon, and accepted by both sides. Nearly one thousand persons have been examined, and twenty-two full court sessions have been held to achieve this result.

## A New Bank at Madagascar.

LONDON, July 15.—Madagascar has granted an English company a charter to establish a Royal bank, with power to coin money and to issue bank notes. The bank will have a capital of two million pounds.

## Re-election of the President of Cuba.

HAVANA, July 15.—Advices from Port Au Prince, say that General Louis Etienne Felicité Salomon was on the 30th inst., re-elected President of Hayti, for another term of seven years, dating from May, 1887.

## Politically Quiet.

BELFAST, July 15.—With the exception of an occasional occurrence of isolated rows, the city is politically quiet.

Benton's Hair Grower.

All who are BALD, all who are becoming BALD, all who do not want to be BALD, all who are troubled with DANDRUFF, or ITCHING of the scalp, should use Benton's Hair Grower. It grows the hair, it never fails to stop the hair from falling. Through sickness and fever the hair sometimes falls off in a short time, and although the person may have remained bald for years, if you use Benton's Hair Grower according to directions you are sure of a growth of hair. In hundreds of cases we have secured a growth of hair on those who have been bald and glared for years, we have fully substantiated the following facts: We grow Hair in 80 cases out of 100, no matter how long bald. Unlike other preparations, it contains no gas, oil, or vegetable or mineral poisons. It is a specific for falling hair, dandruff, and itching of the scalp. The Hair Grower is a hair food, and its composition is almost exactly like the oil which supplies the hair with its vitality.
